EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Stephen J. Rosenman on September 8, 2004.

The application has been amended as follows:

IN THE CLAIMS:

42. (amended) An isolated recombinant human adenine nucleotide translocator (ANT) polypeptide comprising the amino acid sequence of a human ANT3 polypeptide set forth in SEQ ID NO:33, that is capable of binding binds an ANT ligand and that is produced by a method comprising culturing a host cell comprising a recombinant expression construct comprising at least one regulated promoter operable linked to a nucleic acid encoding the adenine nucleotide translocator polypeptide.

51. (amended) An isolated human adenine nucleotide translocator (ANT) fusion protein comprising an ANT polypeptide fused to at least one additional polypeptide sequence cleavable by a protease that separates the ANT polypeptide from the remainder of the fusion protein, wherein said ANT polypeptide being capable of

Application/Control Number: 09/185,904

Art Unit: 1653

binding binds an ANT ligand, and wherein the ANT polypeptide comprises the amino acid sequence of a human ANT1 polypeptide set forth in SEQ ID NO:33.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not teach or suggest an isolated adenine nucleotide translocator having the sequence of SEQ ID NO:33 or an ANT fusion protein wherein the ANT polypeptide has the sequence of SEQ ID NO:33 and binds an ANT ligand.

Thus, claims 42, 44-52, and 56-57 appear to be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Holly Schnizer whose telephone number is (571) 272-0958. The examiner can normally be reached on Monday through Wednesday from 8 am to 5:30 pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jon Weber can be reached on (571) 272-0925. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.

Application/Control Number: 09/185,904
